if this is the alliance group that I am thinking it is, it's called Requiem. Their channels are 1 fofd, 1 forts/fleets, and 2 athena boats. Though I'm betting athena could be the OOS

ItsAHazardLife 19-Jul-20 10:17 AM

ok..... so 100% is this group

Selling Rotation - The following sell rotation can help prevent unnecessary loss of loot and aid in reducing lag on the Requiem servers.

FotD

1 Ship- After every 2nd completion.

2 Ships- After every completion

Forts/Fleets

Every 2 Forts at Maximum. Stay at Fort until the next Fort/Fleet spawns or you will have a high chance to be attacked by Kraken.

Fishing

Every hour to hour and a half. ALL fish must be cooked.

Voyages

Every Voyage if doing an Athena. All other Voyages can be stacked up to 3.

Emissary Flags

All Emissary Flags must be level 5 before selling or trading them with another ship. FotD must remember to save their lights before scuttling their ship to trade.

MERMAID GEMS can be sold to any Trading Company of the Crews choice.

ALL Athena Chests can be sold where the Crew chooses.

Do NOT sell Ritual Skulls. Give them to FotD.

Please do not bother other ships in the Alliance about turn-in timers. If you have to leave, you have to leave. Confused about anything? Check the # rules and # information

If you need to leave, please make sure your spot will be filled by an Officer. Always give a 10-minute warning before leaving or you will receive punishment.

3 is alright but you missed out on 2 other reapers chest with stacking more than 2
we are leaving ritual skulls at reapers hideout

MythicalFood 18-Sep-20 02:35 AM

Appears to be Athena's Vanguard server

Backchecking for any of them in either stream

ItsAHazardLife 18-Sep-20 02:35 AM

Oh shit

In spars side the one was like sparbucks is on the boat and sounded surprised.

MythicalFood 18-Sep-20 02:37 AM

I just checked saika's side. checkin for names in spar's stream. If I find them actively sniping I'll get in contact with Athena's Vanguard Mods to remove them (edited)

ItsAHazardLife 18-Sep-20 02:37 AM

Sounds like a plan

MythicalFood 18-Sep-20 03:00 AM

Being snapped at. Done helping for the time being with trying to check for snipers.

ItsAHazardLife 18-Sep-20 03:01 AM

Its 100% a stressful server

Jeeze if only they had names off to report that one guy to vanguards

MythicalFood 18-Sep-20 03:05 AM

Attempting to have spar DM me a screengrab of recents

ItsAHazardLife 18-Sep-20 03:06 AM

Sounds good

MythicalFood 18-Sep-20 03:09 AM

Well when I asked him to in tts he ignored it. So I DM'd him, told him of the DM whilst he was on the ferry and was snapped at for it

ItsAHazardLife 18-Sep-20 03:10 AM

Yea i think they are just feeling stressed to the max

MythicalFood 18-Sep-20 03:11 AM

I figured. Just hold off til they cool off. I gotta go live though. Ill do a screen grab of the 2 galleys there. If you can get that from him after this lemme know

ItsAHazardLife 18-Sep-20 03:11 AM

Will do

MythicalFood 18-Sep-20 03:16 AM

Does not appear to be vanguard. It just lined up right. Do you have any alliance servers you are in? I asked 1 of the guys for a list and he didnt want to toss that out

ItsAHazardLife 04-Nov-20 10:54 PM

Basically a streamer allowed his chat turn to turn into the text chat version of a porn video. No one even tried to stop it. One guy took it out of chat and dm'd someone close to me some inappropriate stuff. I banned the guy and the streamer unbanned him with no care for my opinion, because he only did it due to the events transpiring in chat.

MythicalFood 15-Nov-20 05:56 AM

Down to swap out with the guy that killed you?
He is gettin tired

ItsAHazardLife 15-Nov-20 05:57 AM

ItsAHazardLife 22-Nov-20 05:37 AM

MythicalFood 24-Nov-20 11:34 PM

Yo what's the word on that situation? Just user searched tiddles in my chat. Came clean in sept that it was him, that was however 2 months ago

ItsAHazardLife 24-Nov-20 11:38 PM

I won't talk about that account but I'll say this he is lucky we don't ban his main account, just know something got screenshotted.

MythicalFood 24-Nov-20 11:40 PM

All I have is spar telling me his main was being banned and he was the one giving you the server. I told spar I would be talking to austin about it but I would like to be filled in on the entire situation

ItsAHazardLife 24-Nov-20 11:41 PM

I'll let Spar handle it from here.

MythicalFood 27-Nov-20 04:29 AM

Given how vastly spread out my community is, How is it I have yet to be targeted by a view/follow botter?
And in the event it does happen how do I protect against it?

ItsAHazardLife 27-Nov-20 04:35 AM

I don't know what makes someone even think to send that hate towards a streamer.
There is no way to stop a viewbotting except to end a stream and restart.
Followbotting the best practice is to mute alerts. You can put chat into emote only for a few but it doesn't do much.
Chatbot would be to toss it into follow only mode.
With follow botting you can remove those follows after the fact. I'm awaiting to get my hands on that link. Should have it later today.

MythicalFood 27-Nov-20 01:37 PM

ItsAHazardLife 12-Dec-20 06:32 AM

ItsAHazardLife 28-Dec-20 08:47 PM

I appreciate you and all. I don't know people are continuously saying they are worried about me or it's been hard on me. It really hasn't. I know why things broke apart which made things 1000% easier. It's just the aftermath at this point.

ItsAHazardLife 07-Jan-21 05:12 PM

At the end of the day i know you know what happen and probably talked to spar saika or meagan about what happen. Sorry if you disagree with me but im not happy with the outcome of things.

I could never remain friends with someone that acts single in a chat one night, plays horny, says she is wet and says she wants another guys semen while being in a relationship. Let alone having a dm with someone else saying stuff just as bad. I consider all of this cheating, not jokes or bad decisions. She knew exactly whst she was saying and even knew she would hurt me from it.

That night hurt me extremely bad and none of my friends care all they care about is keeping their friendship with her.

ItsAHazardLife 07-Jan-21 06:57 PM

.....

My favorite thing about you is this

<https://gyazo.com/01618964092f8641dfe5a0c58837da03>

Gyazo

still no response from that day.

You unfollowed at your own choice. Take care, Best of luck.....

MythicalFood 07-Jan-21 09:11 PM

I unfollowed because I grew tired of seeing a paragraph of drama every other day on my feed. That isnt everything and you know it. I got the information I need and I know what was shared with who, and just about the past few things that have been done in the past few weeks. I didnt take this to the media, although im unhappy about how it was handled I kept it between you 2. Find a hobby, do something, but please move on from what was. I asked if you wanted to reach out, you sent me a message saying you were fine. If you were fine you still wouldn't be making tweets about it. I strongly suggest professional help if you cannot move past this.

Also when I'm at work I cannot read discord, unless at break.

ItsAHazardLife 07-Jan-21 09:25 PM

So you have 1 side of the info..... congrats on hearing only one persons side of things.
My bet is most of that information came from Spar. right?

ItsAHazardLife 07-Jan-21 09:34 PM

I don't know what you've been told, but what I know is in ZachN Cheese's chat on November 5th in the morning. Girl 1 was drunk and lonely, so Megan joined in. Then Meagan didn't want to feel left out so she joined in. She herself literally said she was wet in chat, said she wanted Clay's sperm to have a baby as cute as his. As well as was dm'ing someone else that she was horny and wet for clay. In those dm's Meagan said she was talking to Clay in dm's so of course pissed off boyfriend..... wants to know what was said. Supposedly nothing, but I still don't believe that. I tried to compromise with Meagan to heal and heal our relationship, but all she wanted was for the compromise to include being around people that this happened with.

So do I feel wrong for telling the truth. Fuck no!

Do I feel bad for the friends in the middle? yes cause I wish I had the proof screenshotted so there was no he said/she said.

Meagan wants it to feel like a joke but in reality when you're saying those things in a relationship it's not a joke. It's emotionally cheating. Meagan also wants the dm's to be portrayed as her being a wingwoman but in reality it was her having thoughts of being with another man. Those dm's weren't making the other Megan want anything to do with Clay.

One of the things Megan told me that day after that night was "Hazard you were right, I should have listened to you when it came down to Clay" cause I warned her to be careful around Clay cause of things he would say in chats and streams.

Even before that night..... Meagan would call Clay son and Clay would call Meagan Daddy..... the weirdest feeling for me as a boyfriend. Then she even called him Clay baby.....

so at the end of the day I had reason to feel like she was emotionally cheating on me.....

and my absolute biggest issue is that my friends are stuck in the middle of this cause it's become a he said/she said. They don't want to lose either of us as friends/family, but they don't care about the hurt that comes with keeping her around.....

NEXT TIME..... Get both sides of the coin not just one. Make your own decisions.

MythicalFood 08-Jan-21 01:29 AM

I knew your side prior to making my engagements. I wont say from whom because as we both know, I know better. I care not for your relationship, Im not dating her nor am I dating you. What I do care about is when a dude that was chill and nice to hang out with start pulling petty shit. You are a grown ass man, act like it. The only person that may not want contact with you is I would "assume" is your ex. Even in real life you still interact with a ex girlfriend, especially if she is where you tend to hang out. If it is you against the world. 1 man versus 20 and all 20 people are saying the same thing, you are missing something. This is the end of the discussion, take some time off the web and let this shit go, you may not like it but you cannot change it.

ItsAHazardLife 08-Jan-21 01:35 AM

If you call what im doing petty thats sad. What im trying to do is figure out the hurt. I dont get how people ive considered friends came to their choice. Trust me from how youre acting i know its spar.... why? Cause of how he acted with me the one night. In real life im not the type of person to interact with ex's. They are ex's for a reason. I dont know what im missing at all.... so enlighten me.

MythicalFood 08-Jan-21 01:45 AM

Spar told me jack shit homie. If me and him are acting the same and saying the same shit, it's you. You know how to act like an adult, but there are times you are left with no choice but to remain civil with those you once cared about. If you work for a company, date a co-worker and separate, those are cases where you remain civil. If you both share mutual friends, you are still allowed to interact with those people. Friends are suppose to help you make the hurt, hurt less, when you go and burn that bridge how do you expect to cross that path? I don't want your response, no reply, I want you to think about this. Take some time off and make some friends near you. When you are ready, reflect and see other's points of views. Your friend's POV and why this was said.
