ItsAHazardLife 30-Sep-20 08:05 PM

no you don't with windows 10 they you can typically swap parts out with no issue. No second copy of windows 10

TroddTV 30-Sep-20 08:06 PM

because i have to activate it and it not taking my old product code

ItsAHazardLife 30-Sep-20 08:07 PM

did you swap harddrives to?

TroddTV 30-Sep-20 08:07 PM

no

TroddTV 30-Sep-20 11:54 PM

Hey Hazard you think i could get 2 codes maybe because i am building a pc for luna that she dont know about thats what i shipping to her

ItsAHazardLife 30-Sep-20 11:55 PM

ItsAHazardLife 01-Oct-20 12:08 AM

TroddTV 01-Oct-20 12:10 AM

Oh??

ItsAHazardLife 01-Oct-20 12:41 AM

didnt work

ItsAHazardLife 04-Oct-20 05:50 PM

hmmm

TroddTV 22-Dec-20 10:18 AM

Hey Hazard are you doing

ItsAHazardLife 22-Dec-20 10:22 AM

Honestly i am doing better than i should be. Knowing what happened and why we broke up has made things easier. The roughest thing is twitch and her being in especially spar or saikas stream.

TroddTV 22-Dec-20 10:24 AM

trust me it will be hard but you got to think they made friends with her too
idk if you remember when me and luna broke up at one point
it was hard for me to be in a channel with her for awhile it hurt me bad

ItsAHazardLife 22-Dec-20 10:29 AM

Yea i get they made friends with her, but they also know the full extent of what she did and said that night. After talking to you and luna i realized there was part i forgot. It was the worst part in it all.

I dont fully remember but when i met you two you were not together.

TroddTV 22-Dec-20 10:33 AM

we broke up at one point and she left me and was acting like she was get close with Ninjabear and was getting all flirting and it hurt me alot

ItsAHazardLife 22-Dec-20 10:33 AM

I remember the ninja stuff

TroddTV 22-Dec-20 10:34 AM

yea then he hurt her and i was still there for her

ItsAHazardLife 22-Dec-20 10:37 AM

I know Spar and Saika are not happy with me right now cause im talking open and freely about what Meagan did. They dont want me to cause its hurting Meagan. But when she hurt me i dont think they said anything to her about what she did. Saika sees it all as a mistake and i shouldnt have been so hard on her about being in zachs stream around clay.

TroddTV 22-Dec-20 10:40 AM

I would just drop thing and go your different ways your going to hurt more people i know your a very open preson but you got to think in the long run whats going to happen your going to push the people that care about you away too

ItsAHazardLife 22-Dec-20 10:42 AM

Just like after it all happened i needed time to heal from her hurting me but she didnt allow me the time to heal.
If they care more about her than me.... tbh ill fully walk away myself.

TroddTV 22-Dec-20 10:43 AM

just take some time off trust me i care for you both i dont want you both to fight just take time to yourself they care about both of you
i did what ur doing right now and trust me it going to make it hurt more

ItsAHazardLife 22-Dec-20 10:47 AM

Meagan doesnt deserve to be cared about. She cheated on me.
In all honesty i want Meagan to stay away from my family. She can have her friends of Zach and Clay.

TroddTV 22-Dec-20 10:49 AM

was it just stuff that was said
i think you both rushed into a relationship then b4 being friends

ItsAHazardLife 22-Dec-20 10:52 AM

She said what i told you and luna the other day in chat. Then Meagan was also talking to the other Megan in dm's. She was saying things about Clay and how she was getting horny for him.
Yea its possible we rushed into things

TroddTV 22-Dec-20 10:58 AM

like i said Hazard its hard for us friends to side because its all stuff we cant get upset and you or her now if she slept or something with him we could be in different but it chat luna talks about stuff like that she know there a limit and she gets close to pushing it but it going to take some time trust me i know that pain you feeling but try to make ur friends that care about you and trust me hazard we really do care about you to side with you and trying to push her out is going to hurt you more and its going to hurt us

ItsAHazardLife 22-Dec-20 11:00 AM

It was not just in the twitch chat. She took in to dm's with Megan. I wish i still had them but Meagan didnt really want me talking to the other Megan so i deleted and blocked her.
I dont feel pain in all honesty. Literally the only chats i am going to be in is people i am close with and gta rp streams. I just dont think she deserves to be in those streams.

TroddTV 22-Dec-20 11:03 AM

Just relax for me bud

ItsAHazardLife 22-Dec-20 11:04 AM

I am relaxed though.
Even Spar told me to chill earlier and in all honesty. I am calm. I am happier than ever. I am focused on just rebuilding my business from here on out.

TroddTV 22-Dec-20 11:09 AM

I will always be here for u bud if u need to talk

ItsAHazardLife 22-Dec-20 11:11 AM

You know i appreciate you and luna both. You two are family to me and i wouldn't want it any other way

TroddTV 04-Feb-21 03:33 PM

Hey Hazard just want to talk to you we are reliving you from you Mod duty in GA and dont take it as we hate you or anything but with all the stuff you have been thru you need to take the time and rebuild yourself your not the same man as i knew you as plz just drop the stuff from you and megan and dont force people not to talk to her you cant do that to people trust me i know what your going thru its going to be hard but you need to get urself back in line my man the soon u let it go the sooner you can heal

ItsAHazardLife 04-Feb-21 03:34 PM

My issue is with my friends. I dont give two shits about meagan.

Im not going to sit back and be called delusional because i dont have dms. Spar wasnt there to read the dm's only 3 people know what was in the dm's.

Ive already told Saika, the Hazard yall knew died..... died when he told yall what happened and no one believed me that she cheated by saying what she did.

My friends hurt me more than the break up with Meagan but not a single person will understand that

TroddTV 04-Feb-21 03:40 PM

Hazard just drop it we all want to be friends with both of you there is not reason for all of this that is going on your letting a month relationship get the best of you right now please just let it go and move on

ItsAHazardLife 04-Feb-21 03:41 PM

A month? We we together 4 months at the time of her cheating wtffffff

I hate being told to let it go and move on. The people i considered friends havent had my back they just want me to move on..... but they dont realize they are the issue

TroddTV 04-Feb-21 03:45 PM

Hazard im sorry for what your going thru trust me i was in the same place with luna but i let it go and we got back together and we been stronger ever since then that something you both could have worked out

ItsAHazardLife 04-Feb-21 03:49 PM

There was no working anything out. She didnt care i was uncomfortable with her being around zach or clay..... but especially clay. All she cared about was being friends with them. (edited)

All i know is if i was in everyone elses shoes i wouldnt be trying to interact with Meagan. I hate cheaters i dislike people who support cheaters or make excuses. Thats all people have been doing.

And on top of it saying everything she said wasnt cheating even when i can tell a 100 people what was said exactly and they each say yes its emotionally cheating. Like wtf

ItsAHazardLife 04-Feb-21 04:20 PM

I just hope one day y'all can understand. My issue overall the past month has been with the people i call friends. Not with Meagan. I just wish she would stick to zachncheese and clay stream. The friends she chose over me. Let me have my family.....

TroddTV 04-Feb-21 04:22 PM

I do understand Hazard but you got to think people are going to have ties with each other just think if me and luna broke up and i told you not to talk to luna how would that make u feel

ItsAHazardLife 04-Feb-21 04:23 PM

I would have to make a choice based on what happened.

Its who i am.

I live life by a code..... ill be loyal where it needs to be. (edited)

Just because everyone has ties with one another doesnt mean to call what she did not cheating or treating me like how spar did a bit ago
If meagan didnt cheat on me and we just broke up then it would be a completely different story. I wouldnt be so hurt or bothered by the people i called friends

TroddTV 04-Feb-21 04:28 PM

Trust me its hard tell what all happen trust me i know i wish i could take just one side but i cant

ItsAHazardLife 04-Feb-21 04:31 PM

Its not hard dude. She cheated.....

Literally cheating is more than physical things or sending nudes like spar claims. You can cheat by saying stuff.

TroddTV 04-Feb-21 04:34 PM

yes but you got to think luna say thing like that to alot of people but i know her heart lies with me

ItsAHazardLife 04-Feb-21 04:35 PM

Yea but ive never heard Luna direct sexual things at one person or talk about being horny or wet for another guy while talk in dms to someone. (edited)

Nobody believes me with what happened cause i dont have screenshots. All they care about is keeping both friendships. They dont care about the hurt they are doing to me by wanting this cheating person around.

ItsAHazardLife 04-Feb-21 05:26 PM

Nobody wants to take a side, nobody wants to believe me with what happen. Spar downright disrespects me when I talk to him and has since day 1 of things happening. Says everything is my fault and I am to blame, but yet I'm not the one who said the things or cheated. (edited)

ItsAHazardLife 04-Feb-21 05:34 PM

Just tired of it all, tired of Meagan lying to people with what happened let alone telling everything she said that night. Tired of my "friends" not believing me. Tired of be told it didn't happen. Tired of being told she didn't cheat. Tired of Spar being condescending and demeaning while blaming me going as far as saying it wasn't a real relationship cause we never met IRL. He even called me delusional for saying this dm between Meagan and Megan even existed. He didn't see it and I don't have it so he says it never happened. Like wtf..... I saw it and read it..... how can you call me delusional. Such a dick move. I'm just tired of way to much.

TroddTV 04-Feb-21 05:42 PM

Im sorry hazard you know i care for you but like i said it hard to say what all happen just best to go sprate and not to bring it up with no one

ItsAHazardLife 04-Feb-21 05:45 PM

It's not hard to say what happen. I have zero reason to lie to any of you.

TroddTV 04-Feb-21 05:46 PM

and i belive you but i cant just not be her friend for just cheating
cheating happen to alot of people

ItsAHazardLife 04-Feb-21 05:46 PM

CHEATING IS A BIG DEAL

especially when they cheat on a friend of yours

you saying "i cant just not be her friend for just cheating" is basically telling me even though I know she cheated it's ok. I'll support her and be her friend.

I guarantee if someone cheated in yours or spars relationship..... I would 100% cut the person out that cheated. I don't respect cheaters

I am beyond surprised that the people I call "friends" is perfectly fine with someone cheating on their friend. It just baffles my mind.
